**REQUEST FOR AUTHORIZATION TO APPOINT ROBERT J. KIM-FARLEY, M.D.,
M.P.H. TO THE POSITION OF CHIEF PHYSICIAN III, M.D. AT A SPECIAL STEP
PLACEMENT IN THE DEPARTMENT OF HEALTH SERVICES**

Consistent with the Board of Supervisors' August 4, 1998 action governing management appointments, the Department of Health Services requests authority to hire Dr. Robert J. Kim-Farley, M.D., M.P.H. to the position of Chief Physician III, M.D. as Director of Public Health Disease Control and Emergency Response Programs at a Special Step Placement pursuant to section 6.08.220 E of the County Code. The requested annual salary of \$158,694.36 (\$13,224.53 per month) includes a Special Step Placement on M9, Step 12 (\$146,040 per year) of the Management Physician Pay Plan, plus a 5.5 percent annual Board Certification bonus of \$8032.20 and a 3 percent annual Physician Additional Compensation bonus of \$4622.16. Additional information, including the original request from Health Services and an organization chart are provided. The item is vacant and is fully funded by the Federal Centers for Disease Control and Prevention (CDC) Bioterrorism Grant in the Public Health 2003-04 Adopted Budget.

The Department indicates that Dr. Kim-Farley's professional background, special knowledge, skills and experience highly qualify him to be the Director of emergency response programs and coordinate key components of bio-terrorism preparedness and response. Dr. Kim-Farley is currently with CDC and functions as a Medical Epidemiologist, CDC assigned to the County, Department of Health Services to strengthen the epidemiology capacity and thus preparedness for potential or real acts of terrorism and other public health emergencies. Dr. Kim-Farley is currently responsible

Each Supervisor

for planning, development, implementation, analysis and evaluation of public health surveillance systems, training field epidemiologists and other health care workers in epidemiologic methods and public health response, developing priorities in communication, coordination and planning of bioterrorism response activities. He has helped develop and evaluate programs for health care workers related to weapons of mass destruction and personal protection equipment in biological warfare scenarios.

Dr. Kim-Farley will assume responsibility for direction of surveillance and control activities of all communicable diseases programs in Public Health and coordinate Public Health disease control efforts with Emergency Medical Services and outside hospitals and agencies for response to emerging infectious diseases and other public health emergencies. He will also be responsible for the supervision of the Public Health Laboratory, the integration of bioterrorism program activities across the public health units of Acute Communicable Disease Control, Public Health Laboratory, Public Health Veterinarian and Focus Areas B, C, D, and E. These units employ 1,133 employees. Dr. Kim-Farley will also develop and propose disease control policies and programs to the Health Officer and represent the Health Officer at meetings with law enforcement, mental health, emergency first responders, and community groups.

Based on the information provided by the Department, we concur with their request to appoint Dr. Kim-Farley to the position of Chief Physician III, M.D. at an annual salary of \$158,694.36.

In accordance with the policy on managerial appointments, unless otherwise instructed by your offices, we will notify the Department that they are authorized to proceed with the appointment effective January 26, 2004.

If you have any questions or concerns regarding this appointment, please call me or your staff may contact Josie Jaramillo of this office at (213) 974-1274.

SUBJECT: **REQUEST FOR AUTHORIZATION TO APPOINT ROBERT J. KIM-FARLEY, M.D., M.P.H. TO THE POSITION OF CHIEF PHYSICIAN III, M.D. AT A SPECIAL STEP PLACEMENT IN THE DEPARTMENT OF HEALTH SERVICES**

On October 1, 2002, the Board of Supervisors instructed that all appointed Department Heads obtain the approval of the Board prior to filling any administrative or management position with an annual salary in excess of \$107,000.00. As directed in this Board policy, CAO approval is required to fill any management vacancy.

Consistent with this policy, this is to request approval to appoint Robert J. Kim-Farley, M.D., M.P.H. to the position of Chief Physician III, M.D., Item Number 5481N, Management Physician M Schedule 9, Step 12, at annual salary of \$158,694.36 (\$13,224.53 monthly). This requested salary represents a 3 percent annual Physician Additional Compensation bonus of \$4,622.16 (\$385.18 monthly) and a 5.5 percent annual Board Certification bonus, of ~~\$8,033.20~~ 8,032.20 (\$669.35 monthly). This position is fully funded in the 2003/2004, Fiscal Year Budget; therefore, there is no increase in net County cost.

This position will function as Director of Public Health Disease Control and Emergency Response Programs and will have the responsibility to direct surveillance and control activities of all communicable diseases programs in Public Health and coordinate Public Health disease control efforts for response to emerging infectious diseases and other public health emergencies with EMS and outside hospitals and agencies. The director will further supervise the operation of the Public Health Laboratory which employs 130 full time employees and will be responsible

for integration of bioterrorism program activities across the public health units of ACDC, PHL and PH Veterinarian and across four Focus Areas: B, C, D and E. There are an aggregate of 1,133 full time employees in these public health units. In addition, the Director will develop and propose to the Health Officer, disease control policies and programs and represent the Health Officer at meetings with law enforcement, mental health, emergency first responders, and community groups.

Dr. Kim-Farley is highly qualified for the direction of emergency response programs and coordination of key components of the bio-terrorism preparedness and response. He possesses the special knowledge, skills and experience required to successfully perform in this critical position. He is currently functioning as the Medical Epidemiologist, Centers for Disease Control and Prevention assigned to County of Los Angeles, Department of Health Services to strengthen the LAC DHS's epidemiology capacity and thus preparedness for potential or real acts of terrorism and other public health emergencies. His duties and responsibilities include: planning, development, implementation, analysis and evaluation of public health surveillance systems, training field epidemiologists and other health care workers in epidemiologic methods and public health response, developing priorities in communication, coordination and planning of bioterrorism response activities as well as establishing LAC DHS procedures for conducting research activities involving human subjects.

Dr. Kim-Farley has also helped develop and evaluate education programs for health care workers related to weapons of mass destruction and personal protection equipment in biological warfare scenarios. As he is currently part of CDC, he serves as an effective liaison with that organization in matters pertaining to field epidemiology and public health emergencies that require federal assistance.

Dr. Kim-Farley is the only candidate on Chief Physician III, M.D. certification list that meets the highly specialized qualifications for this position. The salary requested for Dr. Kim-Farley is commensurate with the scope and responsibilities of this position.

If you have questions or required additional information, please contact Susan Montenegro at (323) 890-7903.

Pertinent Information for Robert Kim-Farley, M.D., M.P.H.

Certify that the position is vacant and budgeted.

This is a Public Health position approved by the Board. The item is fully funded in the 2003/2004 Fiscal Year budget; therefore, there is no increase in net County cost.

Attachment I -Item Control

- ☐ **Attach an Organizational Chart highlighting the position. Describe where the position fits into the management organizational structure.**

This position is within Public Health and reports to Jonathan Fielding, M.D., M.P.H., Director of Public Health and Health Officer. The Chief Physician III, M.D. position directly supervises six heads of programs.

This is a highly responsible and sensitive position that requires superior communication and analytical skills, expertise in Bioterrorism issues knowledge of health and human services systems and community based organizations. This position is essential for fulfilling the federal requirement for successful preparedness in the event of a bioterrorist attack or public health threat to the residents of Los Angeles County, including the cities of Long Beach and Pasadena. The federal government has provided resources to every State to enhance planning efforts in this area.

Duties and Responsibilities:

- Manage and control budgets totaling \$75,451,057 million and an aggregate staff of 1,133 FTE's.
- Direct activities of surveillance and control all communicable disease programs in public health.
- Coordinate Public Health diseases control efforts for response to emerging infectious diseases and other public health emergencies with EMS and outside hospitals and agencies.
- Supervise the Public Health Laboratory, staffed by 130 FTEs, in its daily operation including its chemical laboratory work.
- Integrate bioterrorism program activities across the public health units of ACDC, PHL and PH Veterinarian and across four Focus areas: B, C, D, and E.
- Develop and propose to the Health Officer disease control policies and programs.
- Represent the Health Officer at meetings with law enforcement, mental health and emergency first responders, and community groups.

Attachment II- Office of Public Health Disease Control & Emergency Response
Program-Organizational Chart

- ☐ **Indicate current salary of the individual for whom the request is being submitted.**

Indicate proposed salary, percentage increase over current salary.

As demonstrated on the most recent pay stub, Dr. Kim-Farley currently receives annual compensation of \$178,637 or \$14,886 monthly. This is composed of a number of components.

The proposed salary is at Management Physician M Schedule 9, Step 12, \$146,040.00 annually (\$12,170.00 monthly), plus a 5.5 percent Board Certification bonus of \$8,032.20 annually (\$669.35 monthly), and a 3 percent Additional Compensation Bonus of \$4,622.16 annually (\$385.18 monthly) for a total annual salary of \$158,694.36 (\$13,224.53 monthly). This is less than Dr. Kim-Farley's current total CDC salary package.

Dr. Kim-Farley will be taking a reduction in pay overall to join the County.

Attachment III - Professional Resume

Attachment IV - Most Recent Pay Stub

- ☐ **Provide a listing of all equivalent internal positions within the organization.**

Attachment V - Equivalent Internal Management Positions

- ☐ **Identify highest paid subordinate reporting to this position.**

Laurene Mascola, Chief Physician II, M.D. (Employee Number:

Salary Range

Attachment VI - Subordinate Management Positions

- ☐ **Identify management position above the position being requested.**

PRESENT POSITION:

Medical Epidemiologist (August 2002 - present), Centers for Disease Control and Prevention (CDC), on assignment to the Los Angeles County Department of Health Services (LAC DHS), Los Angeles, California, to strengthen the LAC DHS's epidemiology capacity and thus preparedness for potential or real acts of terrorism and other public health emergencies. Duties and responsibilities include:

- (i) Assist the LAC DHS in responding quickly to public health crises to prevent and control disease and injuries,
- (ii) Participate in planning, development, implementation, analysis, and evaluation of public health surveillance systems,
- (iii) Train field epidemiologists and other health care workers in epidemiologic methods and public health response,
- (iv) Collaborate with LAC DHS officials to develop priorities in communication, coordination and planning of bioterrorism response activities,
- (v) Help develop and evaluate educational programs for health care workers related to weapons of mass destruction and personal protection equipment in biological warfare scenarios,
- (vi) Advise the LAC DHS in disease prevention, health promotion and health protection,
- (vii) Collaborate with the University of California at Los Angeles (UCLA) School of Public Health in education programs for health workers related to epidemiologic methods and public health response and in capacity building for public health and disaster preparedness,
- (viii) Serve as a liaison with CDC in matters pertaining to field epidemiology and public health emergencies requiring federal assistance, and
- (ix) Comply with established LAC DHS procedures for conducting research activities involving human subjects.
- (x) Serve as a liaison with the LAC DHS in matters pertaining to field epidemiology and public health emergencies requiring federal assistance, and
- (xi) Provide supervision, as requested, for EIS Officers assigned to the LAC DHS, or for EIS Officers in the LAC DHS on epidemic aid investigations.

Accomplishments, to date, at CDC include: serving as CDC team leader for an assessment of a Terrorism Surveillance in Priority Cities (TSPC) initiative in

Robert Kim-Farley, MD, MPH

Los Angeles, and CDC workgroup leader on 24/7 Reporting Performance Criteria for the TSPC initiative.

Accomplishments, to date, at LAC DHS include: revising the LAC Smallpox Preparedness, Response and Recovery Plan; coordinating the development of a Phase 1 Smallpox Vaccination Plan for LAC; facilitating enhancements of the 24/7 reporting system and the health alert network system; and coordinating the development of the Strategic National Stockpile Plan for the Los Angeles County Operational Area.

Accomplishments, to date, at UCLA include: appointment as Visiting Professor (November 2002 - June 2003) and Professor-in-Residence (July 2003 - present); facilitating inter-departmental consultation among faculty of the School of Public Health on bioterrorism related issues; lecturing in Global Health Problems (Course CHS 200), Maternal and Child Health in Developing Areas (Course CHS 434), and Public Health Responses to Bioterrorism (Course EPID 226); teaching a new Winter Quarter 2003 course on "Preparing for a Smallpox or Other Bioterrorist Event" (Course EPID 406); teaching a new Spring Quarter 2003 course on "Principles of Control of Infectious Diseases" (Course EPID 231); and serving as a member of the Community Health Sciences Chair Search Committee, the International Health Committee, and the Expert Review Program in Terrorism, Office of the President, University of California.

EDUCATION:

RESIDENCY	Centers for Disease Control, Atlanta, Georgia (General Preventive Medicine: Epidemiology)	1984
INTERNSHIP	U.S.P.H.S. Hospital, San Francisco, California (Rotating Internship)	1981
M.D.	University of California, San Francisco, California (Social, Community Medicine and Administrative Pathway)	1980
M.P.H.	University of California, Los Angeles, California (Population, Family and International Health)	1975
B.S.E.E.	University of California, Santa Barbara, California (Electrical/Electronic Engineering)	1970

SPECIALTY BOARD CERTIFICATION: Preventive Medicine and Public Health

PHYSICIAN AND SURGEON LICENSE: State of California, No. G4857

FACULTY APPOINTMENTS:

Professor-in-Residence (July 2003 - present), School of Public Health, University of California, Los Angeles, California.

Visiting Professor (November 2002 - June 2003), School of Public Health, University of California, Los Angeles, California

Clinical Assistant Professor of Community Health (1982 - 1984), School of Medicine, Emory University, Atlanta, Georgia.

UNIVERSITY-RELATED COURSES, SEMINARS AND PRESENTATIONS:

"Preparing for a Smallpox or Other Bioterrorist Event", Course EPID M406 and CHS M406 (cross listed), Departments of Epidemiology and Community Health Sciences, UCLA, Fall Quarter 2003.

Robert Kim-Farley, MD, MPH

- "Principles of Control of Infectious Diseases," Course EPID 231, Department of Epidemiology, UCLA, Spring Quarter 2003.
- "Smallpox Planning" for Public Health Responses to Bioterrorism, Course EPID 226, Department of Epidemiology, UCLA, 21 May 2003.
- "Immunization" for Maternal and Child Health in Developing Areas, Course CHS 434, Department of Community Health Sciences, 5 February 2003.
- Facilitator for "Forensics Epidemiology" course conducted by Centers for Disease Control and Prevention, California Department of Health Services, and the County of Los Angeles Department of Health Services, Los Angeles, California, 15-16 January 2003.
- "Health for All by the Year 2000: What Went Right and What Went Wrong" for UCLA School of Public Health Lunchtime Lecture Series, UCLA, 23 January 2003.
- "Preparing for a Smallpox or Other Bioterrorist Event", Course EPID 406, Department of Epidemiology, UCLA, Winter Quarter 2003.
- "Smallpox Preparedness - Progress to Date, Issues and Challenges" for monthly continuing education for UCLA Hazmat team members, Department of Environmental Health and Safety, UCLA, 17 December 2002.
- "Health for All by the Year 2000: What Went Right, and What Went Wrong" for Global Health Problems, Course CHS 200, Department of Community Health Sciences, UCLA, 4 November 2002.
- "The Role of WHO in Indonesia" for University of Indonesia Seminar on Integrated Training for Doctors, Faculty of Medicine, May 1999, May 1998 and May 1997.
- "Inaugural Address" for Workshop on Updating of Medical Curricula on Safe Motherhood, Jakarta, Indonesia, 12 March 1997.
- "WHO View on Public Health Graduate Programs" and "Trends in EPI: Implications for Educators" for Gadjah Mada University Post-Graduate Program in Public Health Curriculum Meeting, Yogyakarta, Indonesia, August 1994.
- "Remarks by the World Health Organization Representative" for National Workshop on the Development of Syllabi on the Basis of the Institutional Curriculum, Consortium of Health Sciences, Jakarta, Indonesia, 27 June 1994.
- "Speech by the World Health Organization Representative" for Nursing Symposium on the Art of Developing the Intelligent and Devout Child, Faculty of Nursing, University of Indonesia, Jakarta, Indonesia, 25 January 1994.
- "Immunization Programs in the 1990s" for Course on Tropical Medicine, Austrian Society of Tropical Medicine and Parasitology, Krems, Austria, December 1992 and December 1991.
- "Expanded Programme on Immunization, Surveillance and Monitoring and Evaluation" for Course on Tropical Medicine, Austrian Society of Tropical Medicine and Parasitology, Krems, Austria, December 1990.

Robert Kim-Farley, MD, MPH

- "Global Poliomyelitis Eradication Strategy" for 50th Annual Meeting of the Deans of the Association of Schools of Public Health, Washington, D.C., April 1990.
- "The Great Debate: Comprehensive versus Selective PHC" and "EPI and CDD Strategies" for International Health, Course PMO528, Department of Preventive Medicine and Biometrics, Uniformed Services University of the Health Sciences, Bethesda, Maryland, February 1989 (Faculty).
- "Problems and Solutions in Epidemiologic Surveillance" for Seminar for Field Epidemiology Training Program, Directorate of Epidemiology and Immunization, Jakarta, Indonesia, February 1987.
- "Outbreak Control, Vaccine Strategy, Risk-Benefit and Compensation Issues: The Polio Example," Community Health Selective Seminar, November 9 and 16, 1983, Emory University School of Medicine, Atlanta, Georgia (Faculty).
- "EIS Course in Applied Epidemiology and Biostatistics," Centers for Disease Control, Atlanta, Georgia, July 1983 (Faculty).
- "Devising Polio Vaccine Strategy," Community Health Seminar, Emory University, December 3 and 10, 1982 (Faculty).
- "Issues in Poliomyelitis Prevention," Interdisciplinary Seminar, Emory University, March 1982 (Faculty).
- "Primary Health Care Activities around the World," sponsored by the International Health Forum, University of California, San Francisco, California, February 1980.
- "Health Care and Medical Education in the People's Republic of China," sponsored by the Department of International Health, University of California, San Francisco, California, October 1978.
- "Health Care Delivery and Training of Health Personnel in the People's Republic of China," sponsored by the Department of Public Health Nutrition, University of California, Berkeley, California, October 1978.
- "International Health Opportunities in a Student Perspective," Introduction to International Health, Course I.H. 170.05, University of California, San Francisco, California, March 1978 and March 1977.
- "Clerkship opportunities in International Health," Dean's Colloquy, University of California, San Francisco, California, October 1977.
- "Health Hazard Appraisal," Fundamentals of Epidemiology, Course A.C.M. 101, University of California, San Francisco, California, May 1977.

GRANTS:

Responsible for helping mobilize grant funds directly to the WHO in India of over \$20 million per biennium for the purpose of supporting the WHO collaborative program with the Government of India (1999-2002) and grant funds of over \$40 million per year to the Government of India for the purpose of eradication of poliomyelitis, control of tuberculosis, and elimination of leprosy (1999-2002). Grant funds were provided by Governments, bilateral development assistance agencies, centers for disease control, United Nations agencies,

Robert Kim-Farley, MD, MPH

non-governmental organizations, and private corporations.

Responsible for helping mobilize grant funds directly to the WHO in Indonesia of over \$1 million per biennium for the purpose of supporting the WHO collaborative program with the Government of Indonesia (1994-1999) and grant funds of over \$2 million per year to the Government of Indonesia for the purpose of eradication of poliomyelitis (1995-1999). Grant funds were provided by Governments, bilateral development assistance agencies, centers for disease control, United Nations agencies, non-governmental organizations, and private corporations.

Responsible for helping mobilize grant funds of over \$8 million per year for the purpose of supporting the worldwide effort of the WHO Expanded Programme on Immunization to immunize children and women to avert suffering, disability and death due to vaccine preventable diseases, (1990-1993). Grant funds were provided by Governments, bilateral development assistance agencies, centers for disease control, United Nations agencies, non-governmental organizations, private corporations, greeting card sales, and individuals.

Office of the President of the University of California, Department of International Health, Office of Student Affairs, Lange Medical Publications and Associated Students of the University of California for the purpose of participating in the American Medical Student Association Delegation to the People's Republic of China, (1978).

Hooper Foundation, University of California, San Francisco, California for the purpose of publishing an international health newsletter for the American Medical Student Association, (1977-1978).

University of California Hospitals for the purpose of conducting a Health Hazard Appraisal of medical students in the course entitled "Fundamentals of Epidemiology" at the University of California, San Francisco, California, (1977).

PHS HONORS AND AWARDS:

2003 -- Public Health Service Foreign Duty Service Ribbon (India)
1998 -- Public Health Service Bicentennial Unit Commendation Ribbon/medal
1995 -- Public Health Service Foreign Duty Service Ribbon (Indonesia)
1993 -- Public Health Service Surgeon General's Exemplary Service Medal
1989 -- Public Health Service Commendation Medal
1989 -- Public Health Service Foreign Duty Service Ribbon (Switzerland)
1987 -- Public Health Service Regular Corps Ribbon
1985 -- Public Health Service Foreign Duty Service Ribbon (India)
1983 -- Public Health Service Achievement Medal
1983 -- Public Health Service Foreign Duty Service Ribbon (Indonesia)
1982 -- Public Health Service Foreign Duty Service Ribbon (Taiwan)
1982 -- Public Health Service Foreign Duty Service Ribbon (Yemen)

NON-PHS HONORS AND AWARDS:

Ksatria Bakti Husada (Knight of the Health Services) Award for "great services in the health development sector" -- Ministry of Health, Government of Indonesia (1999).

Award for "building a bridge of cooperation between the people of the United States and Indonesia" -- Uplift International (1998).

Robert Kim-Farley, MD, MPH

Certificate of Appreciation for "outstanding contribution to saving the lives of mothers, infants and children in the developing world" -- United States Agency for International Development (1989).
Fellow, Indian Society for Malaria and Other Communicable Diseases in "recognition of significant contribution for the advancement of knowledge communicable diseases" -- (1988).
Fellow, American College of Preventive Medicine -- (1982).
Physician's Recognition Award -- American Medical Association (1982).
Preventive Medicine Recognition Award -- American College of Preventive Medicine (1982).
Honors in Physiology, Pathology, Social Medicine, Dermatology and Clinical Pediatrics -- U.C.S.F. (1980).
Delta Omega National Honorary Public Health Society -- (1975).
B.S.E.E. awarded Magna Cum Laude -- U.C.S.B. (1970).
Eta Kappa Nu National Electrical Engineering Honor Society -- (1970).
"People in Action" Award for Outstanding Service -- U.C.S.B. (1970).
Dean's List -- U.C.S.B. (1969).

PHS PROFESSIONAL SOCIETIES AND AFFILIATIONS:

Anchor and Caduceus Society (Charter member)	1990-
Commissioned Officers Association of the U.S.P.H.S.	1970-

NON-PHS PROFESSIONAL SOCIETIES AND AFFILIATIONS:

Council of State and Territorial Epidemiologists	2003-
Indian Society for Malaria and Other Communicable Diseases	1987-
American College of Preventive Medicine	1981-
American Public Health Association	1973-
American Radio Relay League	1962-

COMMITTEES AND OFFICES:

Member, International Health Committee, UCLA (2002 - present).
Member, Community Health Sciences Chair Search Committee (2003 - present).
Member, Expert Review Program in Terrorism, Office of the President, University of California (2002 - present).
Member, Informal faculty meeting on Bioterrorism Related Issues, UCLA (2002 - present).
Member, Terrorism Messages Advisory Committee, Center for Public Health and Disasters, UCLA, (2002 - present).
Member, Steering Committee for India Commission on Macroeconomics and Health constituted by the Indian Council for Research on International Economic Relations, New Delhi, India (2000-2002).
Member, Advisory Committee for the 9th Asia Conference on Diarrhoeal Diseases and Nutrition, New Delhi, India (2001).
Member, National Advisory Committee for National Seminar on "Water, Environment, Sanitation, and Health - Challenges, Prospects and Management Strategies in the 21st Century," New Delhi, India (2001).
Member, Editorial Advisory Board for "Health and Population - Perspectives and Issues," a journal published by the National Institute of Health and Family Welfare, New Delhi, India (2000-2002).
Member, Advisory board for Multinational Monitoring of Trends and Determinants in Cardiovascular Disease (MONICA Indonesia), Indonesia, (1997 - 1999).
Member, Planning Committee for the National Eradication of Poliomyelitis, Jakarta, Indonesia (1997-1999).
Member, Organizing Committee for the First Southeast Region Disease Outbreak Response Workshop (1997).

Robert Kim-Farley, MD, MPH

Member, Advisory board for Global Child Health News and Review (1993 - 1994).
Member, Advisory Board of the Third Asia Pacific Conference on Emergency and Disaster Medicine and the Fifth National Congress of the Indonesian Society of Critical Care Medicine, Indonesia (1995-1996).
Member, Inter-program Task Force on Intensified WHO Cooperation with Countries and Peoples in Greatest Need (1992-1993).
Co-chairman, World Conference on Poliomyelitis and Measles, Delhi, India (1992).
Member, Task Force on Research and Development, WHO Headquarters, (1991-92).
Member, Steering Committee on Women, Health and Development, WHO Headquarters, (1991-92).
Member, Informatic Support Committee (ISC), SEARO, WHO, (1988).
Member, Suggestions Committee, SEARO Staff/Management Committee, (1987).
Member, Nepal Country Support Team (CST), SEARO, WHO, (1987-88).
Member, Working Group on the 40th Anniversary of WHO, (1987).
Co-Chairperson, Session on Impact of EPI and MCH Services in Achieving Health for All, Conference on the theme "Achievement of Health for All by 2000 AD Through Primary Health Care," Indian Society for Malaria and Other Communicable Diseases, Delhi, India, (1987).
Member and Secretary, Sri Lanka Country Support Team (CST), SEARO, WHO, (1985-88).
Member, Information and Education for Health (IEH) Core Group, SEARO, WHO, (1985-86).
Chairman, Session on Concept of Sentinel Surveillance, National Workshop on Sentinel Surveillance, National Institute of Communicable Diseases, Delhi, India, (1985).
Assistant Rapporteur, International Symposium on Poliomyelitis Control, Washington, D.C., (1983).
Chairman, International Health Committee, American Medical Student Association, (1976-1978).
Founder and Coordinator, Preventive Medicine Support Group, University of California, (1976-1978).
Member, National Advisory Committee for Preventive Medicine, American Medical Student Association, (1977-1978).
Student Liaison, Association of Teachers of Preventive Medicine, (1977-1978).
National Population Officer for the United States, International Federation of Medical Student Associations, (1977-1978).
Student Liaison, Maternal and Child Care Committee, American Medical Association, (1977).
Member, Conference Committee, "The California Death Act: Does it Make a Difference?," A Continuing Education Conference, Berkeley, California, (1977).
Student Member, Medical Grand Rounds Committee, "Prevention 1976," University of California, San Francisco, California, (1976).
Student Representative, Divisional Faculty Meeting, University of California, Los Angeles, California, (1974-1975).
Charter Vice-President, Epsilon Tau Chapter, Eta Kappa Nu Honor Society, University of California, Santa Barbara, California, (1969-1970).
Student Member, Joint Engineering Executive Committee, University of California, Santa Barbara, California, (1969-1970).

CIVIC AND COMMUNITY ACTIVITIES (Last 15 years):

2003 -- Guest speaker on health for 5th grade students, Vermont Avenue Elementary School, Los Angeles, California (11 September 2003).
2003 -- Participant, Johns Hopkins University Center for Talented Youth Family Academic Conferences 2003 Career Symposia, Occidental College, Los Angeles, California (10 May 2003).
2000-02 Coordinator, Healthy Public Building Initiative, Nirman Bhawan, New Delhi, India.

Robert Kim-Farley, MD, MPH

2002 -- Task Force on Staffing of Information Center, Bahá'í National Office, New Delhi, India.
1996 -- Volunteer chaperon, Jakarta International School, Indonesia
1995-96 Member, External Relations Group, Bahá'í Community, Indonesia
1993 -- Volunteer teacher, Landegg Academy, Switzerland
1989-93 Member, Organizing Committee, EPI and World Health Run
1990-92 Member, Advisory Group on Health, Bahá'í International Community
1990 -- Volunteer lecturer on health, International School of Geneva
1990 -- Volunteer, Girl Scouts, Lone Troops Overseas, Switzerland
1989 -- Volunteer, Freedom Park Swim Team
1988-89 Volunteer teacher, Northern Virginia Bahá'í School
1988-89 Member, Local Bahá'í Council, Greater Vienna, Virginia
1988 -- Member, Community Activities Committee of the Local Bahá'í Council of New Delhi, India.

PREVIOUS WORK EXPERIENCE:

World Health Organization Representative to India (October 1999 - August 2002), World Health Organization (WHO), New Delhi, India. Responsible to develop and manage the Organization's program of technical cooperation and coordinate the Organization's activities with the National Health Program of the Government of India. Duties and responsibilities included: (i) Support the government in the planning and management of the national health program, as follows: (a) collaborate in the review of its health needs and resources, and planning implementation and evaluation of its national public health programs and policies so that they form an integral part of the country's general economic and social development program; (b) encourage and support the implementation of health policies and strategies, and other resolutions and decisions that have been collectively agreed upon in WHO; (c) advise on the planning, implementation and evaluation of that segment of the national health program to which WHO will provide direct assistance in the form of activities to be administered within the framework of its own or other resources (the WHO regular budget resources for India are approximately \$12 million per biennium); (d) provide information and explanation concerning the resolutions of the World Health Assembly and the Executive Board, communications from the Director-General, and the decisions of the Regional Director that affect WHO activities in the country; (e) participate in the mobilization and rationalization of the use of resources, including the identification of, and approaches to, external sources of funding; (f) participate in joint policy and program reviews and in applying the managerial processes for national health development; (g) transfer the information, appropriate technology and experience available within WHO; and (h) promote sound management processes and mechanisms for program planning, management and evaluation as part of the national strategy for health; (ii) Participate with the Government in identifying, planning and managing joint activities, including: (a) negotiate in the budgeting for cooperative program activities in accordance with WHO policy and participate in the preparation of various proposals, statements, plans and documents; (b) provide technical support to the activities, such as arranging fellowships and meetings, obtaining expert advice, and identifying collaborating institutions; (c) participate in the monitoring and evaluation of the activities in policy, performance and financial terms; (d) assist the government in a health emergency; (e) seek support from regional and global levels as may be required for the planning and management of the WHO cooperative program; and (f) ensure optimal use of WHO resources; (iii) Represent the World Health Organization, including: (a) participate in country programming activities related to the health sector, whether multi-lateral, bilateral, intergovernmental or nongovernmental; (b) establish good working

Robert Kim-Farley, MD, MPH

relationships with the representatives of other United Nations agencies; (c) establish contact with institutions and associations concerned with health, including nongovernmental agencies and scientific bodies; (d) contact with the Government at a senior level concerning administrative support or other matters involving the Government as host; (e) contact with local public information media and with the United Nations Information Center to advocate health development as part of overall development; (iv) Supervise the WHO staff (16 in WR's Office and over 300 professionals out of a total of over 750 staff in Project Offices in New Delhi and selected States), including: (a) review and collaborate with staff in the preparation of their program reports; (b) preparation of appraisal reports; (c) assist and advise project staff concerning any problems and ensure coordination between different activities included in the WHO program; (d) ensure that adequate arrangements are made for the security of WHO staff and dependents; and (e) recruit national professional officers and general service staff; (v) Serve as the Chairperson of the United Nations Joint Program for HIV/AIDS (UNAIDS) Theme Group in India (January 2001 - August 2002), including: (a) representing UNAIDS Theme Group to the Government of India, Bilateral Development Assistance Agencies, and Non-governmental Organizations; (b) stimulating and coordinating programs of collaboration on HIV/AIDS related matters between UN Agencies, Government of India, Bilateral Development Assistance Agencies, and Non-governmental Organizations; and (c) advocacy on raising the priority according to HIV/AIDS prevention and control programs; and (vi) Direct the discharge of the financial responsibilities of the WHO collaborative program with the Government of Indonesia, including budgeting, securing additional funds and proposing the allocation of funds (over \$30 million per biennium).

Accomplishments included: conducted a major reorganization of the WHO Representative's office staff and increased the WHO field staff presence in the country; developed the first WHO Country Cooperation Strategy for India; coordinated WHO and other donor and development partner inputs to the revised National Health Policy; mounted a significant WHO response to the Orissa Super-cyclone and the Gujarat Earthquake; established a healthy public building initiative; and improved collaboration among UN and donor agencies through service as Chair of the UNAIDS Theme Group.

World Health Organization Representative to Indonesia and WHO Liaison to the Association of South East Asian Nations (January 1994 - October 1999), and WHO Representative Designate (October 1993 - December 1993), World Health Organization (WHO), Jakarta, Indonesia. Responsible to develop and manage the Organization's program of technical cooperation and coordinate the Organization's activities with the National Health Program of the Government of Indonesia. Duties and responsibilities included: (i) Support the government in the planning and management of the national health program, as follows: (a) collaborate in the review of its health needs and resources, and planning implementation and evaluation of its national public health programs and policies so that they form an integral part of the country's general economic and social development program; (b) encourage and support the implementation of health-for-all policies and strategies, and other resolutions and decisions that have been collectively agreed upon in WHO; (c) advise on the planning, implementation and evaluation of that segment of the national health program to which WHO will provide direct assistance in the form of activities to be administered within the framework of its own or other resources (the WHO regular budget resources for Indonesia are approximately \$11 million per biennium); (d) provide information and explanation concerning the resolutions of the World Health Assembly and the Executive Board, communications from the Director-General, and the

Robert Kim-Farley, MD, MPH

decisions of the Regional Director that affect WHO activities in the country; (e) participate in the mobilization and rationalization of the use of resources, including the identification of, and approaches to, external sources of funding; (f) participate in joint policy and program reviews and in applying the managerial processes for national health development; (g) transfer the information, appropriate technology and experience available within WHO; and (h) promote sound management processes and mechanisms for program planning, management and evaluation as part of the national strategy for health for all; (ii) Participate with the Government in identifying, planning and managing joint activities, including: (a) negotiate in the budgeting for cooperative program activities in accordance with WHO policy and participate in the preparation of various proposals, statements, plans and documents; (b) provide technical support to the activities, such as arranging fellowships and meetings, obtaining expert advice, and identifying collaborating institutions; (c) participate in the monitoring and evaluation of the activities in policy, performance and financial terms; (d) assist the government in a health emergency; (e) seek support from regional and global levels as may be required for the planning and management of the WHO cooperative program; and (f) ensure optimal use of WHO resources; (iii) Represent the World Health Organization, including: (a) participate in country programming activities related to the health sector, whether multi-lateral, bilateral, intergovernmental or nongovernmental; (b) establish good working relationships with the representatives of other United Nations agencies; (c) establish contact with institutions and associations concerned with health, including nongovernmental agencies and scientific bodies; (d) contact with the Government at a senior level concerning administrative support or other matters involving the Government as host; (e) contact with local public information media and with the United Nations Information Center to advocate health development as part of overall development and to promote Health-for-All; (iv) Supervise the WHO staff (13 in WR's Office and 14 in Project Offices in Jakarta and selected Provinces), including: (a) review and collaborate with staff in the preparation of their program reports; (b) preparation of appraisal reports; (c) assist and advise project staff concerning any problems and ensure coordination between different activities included in the WHO program; (d) ensure that adequate arrangements are made for the security of WHO staff and dependents; and (e) recruit general service staff; (v) Serve as the Liaison and WHO Focal Point for the Association of South East Asian Nations (ASEAN), including: (a) developing and revising, as needed, a Memorandum of Understanding between WHO and ASEAN; (b) stimulating and coordinating programs of collaboration between ASEAN Secretariat and WHO programmatic units; and (c) represent the WHO to ASEAN; (vi) Serve as the Chairperson of the United Nations Joint Program for HIV/AIDS (UNAIDS) Theme Group in Indonesia (1997 - 1999), including: (a) representing UNAIDS Theme Group to the Government of Indonesia, Bilateral Development Assistance Agencies, and Non-governmental Organizations; (b) stimulating and coordinating programs of collaboration on HIV/AIDS related matters between UN Agencies, Government of Indonesia, Bilateral Development Assistance Agencies, and Non-governmental Organizations; and (c) advocacy on raising the priority according to HIV/AIDS prevention and control programs; and (vii) Direct the discharge of the financial responsibilities of the WHO collaborative program with the Government of Indonesia, including budgeting, securing additional funds and proposing the allocation of funds (approximately \$11 million per biennium).

Accomplishments included: Helped initiate and then supported the poliomyelitis eradication effort in Indonesia to its successful achievement of zero cases of poliomyelitis; conducted a major reorganization of the National Consultants and National Professional Officer staff; coordinated WHO's

Robert Kim-Farley, MD, MPH

response to the Mt. Merapi volcanic eruption; maintained a WHO presence during a UN evacuation of non-essential staff and their families; initiated and developed a memorandum of understanding between the WHO and the Association of South East Asian Nations (ASEAN) and then served as the first WHO Liaison Officer to ASEAN; helped create the first UNAIDS Theme Group in Indonesia and then served as its first chairperson; and mounted a significant WHO response to the economic crises.

Director (Sept. 1990 - Oct. 1993), and Acting Director (Jan. 1990 - Aug. 1990) Expanded Programme on Immunization (EPI), **World Health Organization** (WHO), Geneva, Switzerland. Duties and responsibilities included: (i) In collaboration with the Regional Offices, promoted regional and national immunization activities throughout the world designed to improve protection against diphtheria, pertussis, tetanus, poliomyelitis, measles, tuberculosis and other diseases for which suitable vaccines were available and whose control was deemed to be feasible and of public health priority; (ii) Directed the development of short, medium and long term plans and objectives, the development and use of training strategies and techniques to improve the delivery of immunization services to the target populations, and to monitor and evaluate immunization programs; (iii) Promoted the development of national institutions in developing countries to serve as foci (national and international) for applied research, training and demonstration for the program; (iv) Promoted, in all countries, basic and applied research to improve vaccines, and the means for their distribution and administration to the target populations; (v) Promoted the development and coordination of an action program to assure the availability of the necessary quantities of vaccines meeting WHO requirements for all participating countries; (vi) Created and managed, as required, appropriate advisory bodies to provide guidance concerning overall strategies and priorities for the program; (vii) In collaboration with Regional Offices and national authorities, monitored program progress as reflected by vaccinations administered, population coverage achieved and incidence of the target diseases, took corrective action as required and disseminated to all concerned appropriate progress reports; (viii) Coordinated with, and generated increased support from, all other international and bilateral agencies collaborating in immunization programs; (ix) Directed the discharge of the financial responsibilities of the Program, including budgeting, securing additional funds and proposing the allocation of funds (approximately \$10 million per annum); (x) Developed program capacities to keep current with relevant published literature and developed means for assuring adequate dissemination of appropriate information to all concerned staff; (xi) Supervised WHO EPI Headquarters staff (approximately 40 professional and support staff) and provided technical advice and guidance to WHO EPI staff in Regional and country offices; (xii) Promoted and coordinated, as needed, meetings required to further the achievement of the Program's goals; and (xiii) Represented the Organization at meetings and conferences in the field of immunization and related subjects.

Accomplishments included: introduced hepatitis B vaccination as a part of the EPI; facilitated passage of a major resolution on poliomyelitis eradication at the World Health Assembly; coordinated WHO inputs towards the achievement of the global goal of 80% immunization coverage by the year 1990; and facilitated the development of a computerized EPI information system.

Medical Officer (Sept. 1989 - Dec. 1989), Expanded Programme on Immunization, **World Health Organization**, Geneva, Switzerland. Duties and responsibilities included: (i) Functioned as Deputy-Director, EPI -- Acted for the Director in his absence, supervised the daily activities of EPI

Robert Kim-Farley, MD, MPH

Headquarters staff, approved/signed policy documents as well as routine correspondence. Represented the Director, EPI, both within and outside of WHO in meetings at global, Regional and country level on policy and technical issues; (ii) Assisted the Director in the overall planning and management of the program -- Prepared the EPI Medium Term Program (MTP), monitored progress in achieving MTP objectives and proposed revisions as required. Prepared the EPI quarterly objectives, monitored progress in achieving them and proposed revisions as required. Prepared draft agenda for meetings of the EPI Global Advisory Group, monitored progress in the development of working and background papers for the meeting and served as focal point for preparation of the final report. Advised Director on staffing needs within the global program and maintained rosters of individuals suitable for recruitment as long and short term staff; (iii) Supervised professional staff in their work in specific areas -- Provided oversight and technical guidance on the further development of training materials and training strategies supportive to EPI objectives. Provided oversight and technical guidance within the EPI in the further development of software and the acquisition of hardware which support EPI planning and management functions. Assigned topics for preparation as articles for the Weekly Epidemiological Record and worked with authors in preparing final text and proofreading. Supervised the responsible officer in preparation of the EPI UPDATE; and (iv) Performed other duties as required, among them -- Participated in national program reviews, participated as facilitator in EPI training courses and prepared technical papers for internal use, for presentation in international meetings and for publication.

Public Health Advisor (July 1988 - Aug. 1989), Health Services Division, Bureau for Science and Technology, U.S. Agency for International Development, Washington, D.C. Duties and responsibilities included: (i) Policy -- assisted in the implementation of the AID's immunization and other child survival policies and formulating immunization, acute respiratory infection (ARI) and other child survival strategies; (ii) Liaison -- served as liaison between AID and WHO, UNICEF, and other international agencies playing key roles in global child survival efforts; (iii) Technical strategies -- developed technical strategies for delivery of immunization and other child survival interventions to target populations; (iv) Surveillance -- developed surveillance and monitoring systems and strategies for the Expanded Program on Immunization (EPI); (v) Technical focal point -- served as the Agency's technical focal point for policy and implementation of immunization programs; (vi) Technical resource -- served as a technical resource to bilateral, regional and other centrally-funded programs and projects (e.g. the Resources for Child Health project) in immunization, ARI and other child survival interventions; (vii) Technical assistance -- provided technical assistance to USAID Bureaus, Missions, and projects and to host countries and private voluntary organizations; (viii) Representational -- represented the Agency at the WHO EPI Global Advisory Group Meeting, the PAHO Technical Advisory Group Meeting, and other relevant international conferences; (ix) Technical information -- kept abreast of the state-of-the-art in immunization and other child survival technologies and provided technical information to internal Agency staff; (x) Project design -- designed AID's centrally funded immunization child survival project including a technical assistance component for ARI; and (xi) Teaching -- taught in the annual USAID state-of-the-art health, population and nutrition for child survival workshop and other workshops organized by Regional Bureaus of USAID.

Regional Adviser (Jan. 1987 - July 1988), and Acting Team Leader (Nov. 1986 - Dec. 1986), Expanded Programme on Immunization (EPI), South-East Asia Regional Office, World Health Organization, New Delhi, India. Duties and responsibilities included: (i) Management -- coordinated, organized and

Robert Kim-Farley, MD, MPH

implemented EPI activities at regional and country level to achieve high coverage and maximum reduction in target diseases; (ii) Planning -- analyzed, adapted, planned and initiated EPI activities as an integral part of the overall health care delivery system of Member States of the SEA Region; (iii) Evaluation -- planned, organized and evaluated EPI program monitoring and evaluation at regional and country level; (iv) Training -- planned, organized and evaluated EPI training activities at regional and country level; (v) Development -- coordinated activities to develop EPI logistics and cold chain systems at regional and country level; (vi) Education -- prepared and revised educational and information materials for staff training and community health education; (vii) Epidemiology -- promoted, planned and organized epidemiological surveys and immunization coverage surveys at country level; (viii) Documentation and coordination -- prepared reports and other documents and coordinated activities when necessary with other units and programs; (ix) Information systems -- planned and coordinated the development of computerized EPI information systems at regional, country and provincial (state) levels; (x) Representational -- organized meetings and represented SEARO in meetings with UNICEF or other Agencies, and in meetings involving Member States; (xi) Technical consultation -- provided technical consultation to United Nations, Governmental and non-governmental organizations; (xii) Budgetary responsibility -- direct responsibility for biennial regular budget of \$300,000 and voluntary fund budget of \$900,000 and responsible for technical guidance for biennial EPI country regular budgets of \$1,500,000; and (xiii) Supervision -- directly supervised one Medical Officer, one Technical Officer, one Cold Chain Consultant, one Associate Professional Officer and secretarial and clerical support staff in the Regional Office and technically supported one Medical Officer in Indonesia, one Technical Officer in Indonesia, one Technical Officer in Nepal, and one Consultant Technical Officer in Bangladesh.

Medical Officer (Jan. 1984 - Oct. 1986), Expanded Programme on Immunization (EPI), South-East Asia Regional Office, **World Health Organization**, New Delhi, India. Duties and responsibilities included: (i) Planning -- participated in planning EPI activities at regional and country level; (ii) Training -- organized and participated in EPI training activities at regional and country levels; (iii) Evaluation -- participated in EPI evaluation activities at regional and country level; (iv) Development -- participated in logistics and cold chain development at regional and country level; (v) Education -- participated in preparation and revision of educational materials (staff training and health education); (vi) Epidemiology -- participated in epidemiologic surveys and immunization coverage surveys at country level; (vii) Technical consultation -- provided technical consultation to United Nations, Governmental and non-governmental organizations; and (viii) Management and Supervision -- wrote letters, memorandums and reports, coordinated activities with other technical units, and acted as Team Leader in his absence.

Medical Epidemiologist (July 1983) - Jan. 1984) and **Epidemic Intelligence Service Officer** (July 1981 - June 1983), U.S.P.H.S., **Centers for Disease Control**, Center for Prevention Services, Division of Immunization, Atlanta, Georgia. Responsibilities and duties included: (i) Surveillance -- maintained and improved surveillance systems for vaccine-preventable diseases (with emphasis on poliomyelitis, diphtheria, tetanus and pertussis); (ii) Outbreak investigation -- investigated selected outbreaks of these diseases (poliomyelitis, diphtheria, measles and mumps); (iii) Special studies -- planned and carried out special studies, and presented and published results at scientific meetings and in journals; (iv) Technical consultation -- provided technical consultation on immunization issues to practicing physicians, State and local health departments and

Robert Kim-Farley, MD, MPH

government agencies (domestic and international); (v) Program reviews -- conducted reviews and evaluated State and local immunization programs (domestic and international); (vi) Teaching -- taught in courses and seminars conducted by the Centers for Disease Control and Emory University; and (vii) Supervision -- supervised public health advisors and EIS Officers during disease outbreak investigations and control activities.

Researcher (Apr. 1980 - June 1980), Institute of Human Development, University of California, Berkeley, California. Researched and developed measures of health for a longitudinal study of an aging population under the supervision of the Director, Health Services Research, UCSF, and Director, Geriatric Center, UCSF.

Immunization Program Consultant (Sept. 1978 - Oct. 1978), U.S.P.H.S., Health Services and Mental Health Administration, Oklahoma City Area Indian Health Service, Oklahoma City, Oklahoma. Analyzed and made recommendations for improvement of the Immunization Initiative Program for the Oklahoma area in close cooperation with the State Health Department. Made field visits to facility units, computed immunization levels, developed new methods for updating the Immunization Register and conducted the first meeting of Immunization Coordinators.

Epidemiologist (July 1976 - Sept. 1976) and **Consultant** (July 1977), U.S.P.H.S., Center for Disease Control, Bureau of Epidemiology, Family Planning Evaluation Division, Atlanta, Georgia. Designed, conducted and published a case-control study on the intrauterine contraceptive device and reviewed the relevant literature.

Staff Assistant (July 1975 - Sept. 1975), U.S.P.H.S., Food and Drug Administration, Bureau of Drugs, Division of Drug Advertising, Rockville, Maryland. Reviewed and evaluated prescription drug advertising. Developed proposed regulations for advertising and labeling of radioactive drugs and radioactive biological products. Compiled a manual of radioactive pharmaceutical advertising.

Records Review Officer (June 1970) - Aug. 1972), U.S.P.H.S., Consumer Protection and Environmental Health Service, Division of Electronic Products, Rockville, Maryland. Responsibilities and duties included: (i) Reviews -- Reviewed and evaluated radiation hazards of electronic products and established procedures for compliance with, and enforcement of, the Radiation Control for Health and Safety Act of 1968; (ii) Evaluation -- Conducted on-site evaluations of manufacturers of certain regulated electronic products; (iii) Training -- Trained personnel in compliance standards and regulations; (iv) Writing -- Co-authored a microwave oven survey manual; (v) Research -- Returned from June 1974 to September 1974 to design and conduct a research project on microwave oven compliance testing using computer programs for statistical analysis and data summary. Compiled a manual on microwave oven compliance testing.

Student Intern (June 1969 - June 1970), Santa Barbara Mental Health Services Clinic, Santa Barbara, California. Conducted individual and group therapy with children, adults and families. Participated in training sessions and staff discussions.

Assistant Head Resident (Sept. 1969 - June 1970) and **Resident Assistant** (June 1968 - July 1969), University of California, Santa Barbara, California. Supervised eight Resident Assistants, conducted the residence hall program for 420 students, and advised the Student Judicial Board.

Robert Kim-Farley, MD, MPH

Assistant II (Feb. 1967 - June 1968), Educational Television Department, University of California, Santa Barbara, California. Assisted in technical direction and taping of educational television programs produced in the studio. Installed, maintained and repaired electronic equipment.

Engineering Draftsman Trainee (June 1966 - Sept. 1966; June 1965 -Sept. 1965), Ryan Aeronautical Co., San Diego, California. Performed laboratory analysis of chemical treatment tanks, conducted resistivity tests of silver epoxy adhesives, and conducted shear stress testing of adhesives.

POST GRADUATE STUDIES:

American Public Health Association Continuing Medical Education program, 2000-2002.
New England Journal of Medicine Continuing Medical Education program, 1995-1999.
New Entry Training, USAID, Washington, D.C., August/September 1988.
Health, Population and Nutrition Initiatives for Child Survival, USAID, Rosslyn, Virginia, July/August 1988.
Johns Hopkins Medical Grand Rounds Continuing Medical Education, 1984, 1985.
Framework Hands on Computer Workshop, Accelerated Computer Training, Los Angeles, California, July 1985.
Medical and Scientific Writing: A Symposium and Workshop, Emory University School of Medicine, Atlanta, Georgia, December 1982.
Epidemiological Report Writing and Consultation, Centers for Disease Control, Atlanta, Georgia, April 1982.
Basic Program Officials Guide to Contracting, DHHS, Atlanta, Georgia, April 1982.
Computer Usage for Data Analysis (SAS) Course, Centers for Disease Control, Atlanta, Georgia, September 1981.
EIS Course in Applied Epidemiology and Biostatistics, Centers for Disease Control, Atlanta, Georgia, July 1981.

"Smallpox Vaccine" for Osteopathic Physicians and Surgeon of California 42nd Annual Convention and Scientific Exposition, Palm Springs, California, 22 February 2003.

"Overview of Phase 1 Smallpox Vaccination Program" for Orientation to Hospital Smallpox Vaccination Program organized by the Los Angeles County Department of Health Services, Los Angeles, California, 9 January 2003.

"Smallpox Plan" and "Phase 1 Smallpox Vaccination" for Los Angeles County Public Health Emergency Preparedness and Response Training and

Robert Kim-Farley, MD, MPH

Education Advisory Council, Los Angeles, California, 10 December 2002.

Moderator and presenter on session on "Tackling World Health: What Can We Do" for 2002 Global Health Conference on "Why Worry About World Health" co-sponsored by the UCLA School of Public Health, the Charles R. Drew University of Medicine and Science, and the Southern California Regional Council of Organizations, Los Angeles, California, 12 October 2002.

"WHO's Role in Environmental Sanitation" for Second International Conference on Home Hygiene and the Prevention of Infectious Disease in Developing Countries," New Delhi, India, 15 April 2002.

"Move for Health" for World Health Day 2002, "Enhancing Physical Activity: Energizing Schools and Communities," Kalka Public School, New Delhi, India 6 April 2002.

Chairman and presentation on "WHO Perspective on Children's Environmental Health" for Round Table Conference on Environmental Health, New Delhi, India, 17 January 2002.

Chairman and contributor for the session on "current status of leprosy elimination in the state - problems and challenges" for the Tokyo Meeting on Achieving Leprosy Elimination in India, Tokyo, Japan, 3 June 2002.

Inaugural Address, International Epidemiological Association South East Asia Congress of Epidemiology, Jhansi, India, 24 February 2002.

"Globalization and its Effects on Public Health in Developing Countries" Keynote address for the XXIX Annual Conference of the Indian Association of Preventive and Social Medicine, Sewagram, India, 15 February 2002.

"A Vision of the Role of WHO Collaborating Centres in India" for the Joint Meeting of WHO and Government of India Collaborating Centers, Jaipur, India, 5 February 2002.

"Telemedicine in Public Health" for the 46th Annual Conference of the Indian Public Health Association, Kolkata, India, 25 January 2002.

Solicited Intervention on HIV in India for the session on "Investing in the Future: The Fight against HIV and other Infectious Diseases" at the World Economic Forum, New Delhi, India, 4 December 2001.

Valedictory Address for the Mayors' Conference on Healthy Cities, New Delhi, India, 22 September 2001.

Moderator and contributor for the session on "What are the lessons learned from the Gujarat earthquake?" for the Conference on Disaster Preparedness in Bali, Indonesia, 5-8 June 2001.

Valedictory Address for the Indian Public Health Congress, New Delhi, India, 16 April 2001.

Valedictory Address for the Regional Consultation on Public Health and Human Rights, New Delhi, India, 11 April 2001.

"Health Needs Assessment and the WHO Coordination Role in the Gujarat Earthquake 2001" for the UNDP Meeting on NGO/UN Collaboration, New

Robert Kim-Farley, MD, MPH

Delhi, India, 15 February 2001.

"Mental Health" for World Health Day 2001, All-India Institute of Medical Sciences, New Delhi, India, 7 April 2001.

"Theme Paper on Water for Health" for World Water Day 2001 and Water Resources Day 2001, New Delhi, India 22 March 2001.

India Country Cooperation Strategy, World Health Organization, New Delhi, India, 7 November 2000.

"Inaugural Address" for Seventh Meeting of SEAR/EPI Technical Consultative Group on Vaccine Preventable Diseases, Calcutta, India, 24 August 2000.

"Inaugural Address" for Fifth Regional Field Epidemiology Training Program, National Institute of Communicable Diseases, New Delhi, India, 1 August 2000.

Inaugural Address for Water Resources Day and World Water Day, New Delhi, India, 22 March 2000.

"India country profile on polio eradication" for the Joint UNICEF-WHO Polio Eradication Strategy Meeting, Geneva, Switzerland, 13 - 16 March 2000.

"Building Safe Motherhood" and chair for the session on "Building Safe Motherhood" for the Joint National Conference of the Indian Public Health Association, the Indian Association of Epidemiologists, and the Indian Society for Malaria and Other Communicable Diseases, Agra, India, 9 - 11 March 2000.

"WHO contributions in the response to the economic crisis" for the Substantive Session of the ECOSOC meeting on UN System Country Team collaboration in Indonesia, Geneva, Switzerland, 4-10 July 1999.

"Remarks from the World Health Organization" for World No-Tobacco Day, Jakarta, Indonesia, May 1999, May 1998, May 1997, May 1996, and May 1994.

"Bottom up Planning" for the WHO and Government of Indonesia Staff Retreat, Jakarta, Indonesia, 10 May 1999.

"Partnership with World Bank and Regional Development Banks at Country Level: The Indonesian Example" for the First Global Meeting of WHO Representatives and Liaison Officers, Geneva, Switzerland, 23 February 1999.

"Role of the WHO in the Economic Crisis and its Impact on Health and Development" for Regional Meeting of Parliamentarians on Economic Crisis and its Impact on Health, Jakarta, Indonesia, December 1998.

"Role of WHO Collaborating Centers" for the WHO Collaborating Centers Meeting, Bali, Indonesia, 28 October 1998.

"Implementation of the 1998-1999 Program Budget: The Indonesia Experience;" "WHO's Role and Involvement in Inter-Agency Coordination and Cooperation within the UN System;" and "How Can we Make 'One WHO'?" for 47th Meeting of the Regional Director with the WHO Representatives, WHO/SEARO, New Delhi, India, October 1998.

Robert Kim-Farley, MD, MPH

- "Statement by the WHO Liaison to ASEAN" for the 16th Meeting of the ASEAN Sub-Committee for Health and Nutrition, Bandar Seri Begawan, Brunei, July 1998.
- "Remarks from the World Health Organization" for the opening ceremony of the National Leprosy Consultative Meeting, Ciloto, West Java, Indonesia, 21 July 1998.
- "Health Sector Issues" for the Donor Meeting on Social Safety Net Issues, World Bank, Jakarta, Indonesia, 5 June 1998.
- "Remarks from the World Health Organization" for Commemoration of the 50th Anniversary of the World Health Organization and World Health Day, Jakarta, Indonesia, 7 April 1998.
- "Remarks from the World Health Organization" for Informal Meeting of the Development and Donor Partners of the Ministry of Health on the Economic Crisis and its Impact on Health, Jakarta, Indonesia, 12 February 1998.
- "International Advocacy for Health" for the International Conference on Inter-country Cooperation for Health Development in the 21st Century, Chaing Mai, Thailand, December 1997.
- "Introduction to Reproductive Health" for the Regional Training Course in Reproductive Health, New Delhi, September 22, 1997.
- "Emerging Infectious Diseases: Global Alert, Global Response" for World Health Day, Jakarta, Indonesia, 7 April 1997.
- "Activity Monitoring at the Country Level" and "the Indonesian Experience in In-Country Fellowships" for the Forty-Fifth Meeting of the Regional Director with the WHO Representatives, New Delhi, India, 4-13 November 1996.
- "The Role of WHO in Disaster Management" for the 3rd Asia-Pacific Conference on Emergency and Disaster Medicine and 5th National Congress of the Indonesian Society of Critical Care Medicine, Bali, Indonesia, October 1996.
- "Statement of WHO/UNICEF" for the Launch of the 1996 National Immunization Week, Serang, West Java, 10 September 1996.
- "Remarks from the World Health Organization" for the Launching of the Fourth Edition of the Indonesian Pharmacopoeia and the First Edition of the Indonesian Compendium for OTC Drugs, Jakarta, Indonesia, 19 January 1996.
- "Government and Private Cooperation in Health Services: An International Perspective" for 8th National Congress of the Indonesian Public Health Association, Yogyakarta, Indonesia, October 1995.
- "Speech on behalf of WHO and UNICEF" for Planning Meeting on 1995 National Immunization Week, Jakarta, Indonesia, 13 September 1995.
- "Intestinal Worm Infections" for Launching of the De-worming Project in Medan, North Sumatra, Indonesia, June 1995.
- "A World Without Polio" for World Health Day, Jakarta, Indonesia, 7 April 1995.

Robert Kim-Farley, MD, MPH

- "Speech by the World Health Organization Representative" for World AIDS Day, Jakarta, Indonesia, 1 December 1994.
- "The Role of Foreign Assistance in Quality Assurance Improvement" for the 7th International Congress of the World Federation of Public Health Associations, Bali, Indonesia, December 1994.
- "Opening Speech" for National EPI Meeting, Ciloto, West Java, Indonesia, 15 May 1994.
- "The Media and Tobacco: Getting the Health Message Across" for the National Seminar on World No-Tobacco Day, Jakarta, Indonesia, May 1994.
- "Oral Health for a Healthy Life" for World Health Day, Jakarta, Indonesia, 7 April 1994.
- "Opening Speech" for the National Meeting on Women, Health and Development, Jakarta, Indonesia, 12 January 1994.
- "Global EPI Overview" for Fourth Meeting of the Technical Advisory Group on EPI and Poliomyelitis Eradication in the Western Pacific Region, Ho Chi Minh City, Viet Nam, June 1993.
- "High-risk Area Approach for the Elimination of Neonatal Tetanus," "Approach to Measles Control," "Guidelines for Outbreak Control" and "Global Overview" for Sixth Meeting of the Regional Technical Advisory Group for the EPI and the Tenth Intercountry Meeting for National EPI Managers of WHO/EMRO and UNICEF/MENA, Cairo, Egypt, May 1993.
- "Global Overview", "Global Perspectives on Polio Eradication," and "Neonatal Tetanus Elimination" and co-chairman for immunization session for Africa's Progress in Child Survival: A Forum for Public Health Professionals and Pre-Conference Workshop, Dakar, Senegal, March/April 1993.
- "Global EPI Overview," "Vitamin A and Other New Elements in EPI," and "Research and Development: Global Perspective" for Third Meeting of the Technical Advisory Group on the Expanded Programme on Immunization and Poliomyelitis Eradication in the Western Pacific Region, Beijing, China, October 1992.
- "EPI Global Overview" for the EPI Global Advisory Group Meeting, Jakarta, Indonesia, October 1992.
- "Global Overview," "Update on Neonatal Tetanus Elimination," and "Programme Costing" for 9th Intercountry Meeting for National EPI Managers from the WHO/EMR and UNICEF/MENAR, Teheran, Iran, May 1992.
- "The EPI Experience" for the Prospective Thematic Review on Directions and Organization of TDR's Research and Development Related to Anti-Parasite Vaccines, WHO, Geneva, March 1992.
- "Update on the Global Immunization Programme" for the Child Health 2000 Congress, Vancouver, Canada, February 1992.
- "The Children's Vaccine Initiative and the Expanded Programme on Immunization" for the Children's Vaccine Initiative Consultative Group, Geneva, Switzerland, December 1991.
- "Global Update" for session on EPI Update for Joint Meeting of American Public

Robert Kim-Farley, MD, MPH

Health Association and World Federation of Public Health Associations, Atlanta, Georgia, November 1991.

"EPI for the 1990s Concept Paper" and "Global Progress" for the EPI Global Advisory Group Meeting, Antalya, Turkey, October 1991.

"Immunizations" for conference on Protecting the World's Children: Keeping the Promise, Task Force For Child Survival And Development, Montreal, Quebec, Canada, October 1991.

"Highlights on the Global EPI" for Eighth Regional Consultative Meeting of Country EPI Managers, WHO, SEARO, Kathmandu, Nepal, June 1991.

"Update on Measles Control Strategies," "Global EPI Overview," and "Role of Interagency Coordinating Committees" for Eighth Intercountry Meeting for EPI National Managers and the Fourth Meeting of the Technical Advisory Group for the Eastern Mediterranean Region, WHO, EMRO, Nicosia, Cyprus, May 1991.

"Global Expanded Programme on Immunization (EPI) Overview" for First Meeting of the Technical Advisory Group on Expanded Programme on Immunization and Poliomyelitis Eradication and the WPRO Interagency Coordinating Committee Meeting, Tokyo, Japan, April 1991.

"Global Immunization Initiatives" for Conference on The Future of Public Health in California -- Critical Issues and Solutions: An International Dialogue, San Francisco, California, February/March 1991.

"EPI Global Overview" for the EPI Global Advisory Group Meeting, Cairo, Egypt, October 1990.

"Global Morbidity and Mortality of Vaccine-Preventable Diseases" for the Meeting on Vaccine Research and Development, Child Survival, WHO and VACSERA, Cairo, Egypt, October 1990.

"Universal Child Immunization: Success and Problems" for the Conference on Vaccines for the 1990s: A Time for Action, New York, September 1990.

"Update on the Expanded Programme on Immunization and Projections for the Programme" for Meeting to Review Draft Manuscript on Guidelines for the Use of Vitamin A in Immunization Programs, International Vitamin A Consultative Group (IVACG), UNESCO, Paris, France, July 1990.

"Global EPI Overview" and "Global Overview of Neonatal Tetanus Elimination Programme" for African Region EPI Managers Meeting, Blantyre, Malawi, July 1990.

"Global EPI Overview" for Western Pacific Region EPI National Managers Workshop, Manila, Philippines, June 1990.

"Measles Control in the 1990s," "Neonatal Tetanus Global Overview," and "Global EPI Overview" for Seventh Intercountry Meeting for EPI National Managers for WHO/EMRO and UNICEF/MENA, Amman, Jordan, May 1990.

"Progress of WHO Expanded Programme on Immunization," "Strategies for Elimination of Neonatal Tetanus," and "EPI Computerized Information Systems" for Third European Meeting of National

Robert Kim-Farley, MD, MPH

Programme Managers on the Expanded Programme on Immunization, St. Vincent, Italy, May 1990.

- "Manual for Immunization Programme Managers on Activities Related to Polio Eradication" for the EPI Global Advisory Group Meeting, Tokyo, Japan, October 1989.
- "Evolution of Computerized EPI Information Systems" for the WHO Meeting on Global Strategies of the Computerized EPI Information System, Washington, D.C., April 1989, and for the South-East Asia Region EPI Managers Consultative Meeting, Bali, Indonesia, June 1989.
- "Field Evaluation of Vaccine Efficacy," "Setting Disease Reduction Targets," "Actions Taken on Previous EPI Recommendations and Resolutions," and "Expanded Programme on Immunization: An Overview of the Progress in the South-East Asia Region" for the Regional EPI National Programme Managers Consultative Meeting, Chiang Mai, Thailand, May 1988.
- "Expanded Programme on Immunization: An Overview of the Progress in the South-East Asia Region" for the EPI Global Advisory Group Meeting, Washington, D.C., November 1987.
- "EPI: A Global Perspective" for the XXIV National Conference of the Indian Academy of Pediatrics, Madras, Tamil Nadu, India, October 1987.
- "The United Nations" for the commemoration of the 42nd anniversary of the United Nations, New Delhi, India, October 1987.
- "Tetanus in South-East Asia" for the Eighth International Conference on Tetanus, Leningrad, USSR, August 1987.
- "Disease Reduction and Immunization Coverage Targets," "Actions Taken on Previous EPI Recommendations and Resolutions," "Prospects for Eradication of Poliomyelitis from South-East Asia" and "Expanded Programme on Immunization: An Overview of the Progress in the South-East Asia Region" for Regional EPI National Managers Consultative Meeting, Dhaka, Bangladesh, June 1987.
- "Immunization in Urban Asia" for Meeting on Immunization in Urban Areas organized by Ministry of Health and Family Welfare and Ministry of Urban Development, New Delhi, India, May 1987.
- "WHO Immunization Programmes in South-East Asia" for Indian Medical Association Scientific Session for World Health Day, New Delhi, India, April 1987.
- "UNDP Terminal Report on EPI" for the Tripartite Review Meeting of the project "Strengthening of the Intercountry Project on the EPI", New Delhi, India, February 1987.
- "Overview of the Progress of the EPI in South-East Asia" for the EPI Global Advisory Group Meeting, New Delhi, India, October 1986.
- "Status of Epidemiological Surveillance" and "Epidemiological Surveillance of EPI, CDD and ARI Target Diseases" for Annual Meeting of State Programme Officers of Epidemiological Services, Delhi, India, March 1986.
- "Role of Religions for World Peace" keynote address for the International Conference on Health Policy, Ethics and Human Values, All India

Robert Kim-Farley, MD, MPH

Institute of Medical Sciences, New Delhi, India, March 1986.

- "The Concept of Epidemiological Surveillance" and "EPI Information System in South-East Asia Region" for WHO Inter-country Consultative Meeting on Epidemiological Surveillance, Colombo, Sri Lanka, December 1985.
- "Collaboration between WHO and UNICEF" for the Annual Meeting of the Regional Director with the WHO Programme Coordinators and Representatives, New Delhi, India, November 1985.
- "Local Area Monitoring" for the EPI Global Advisory Group Meeting, Copenhagen, Denmark, November 1985.
- "Immunizations," for the Pre-Congress Symposium on Better Health for Asian Children sponsored by the Association of Pediatric Societies of the South East Asian Region, Kuala Lumpur, Malaysia, August 1985.
- "Establishing Disease Reduction Targets by 1988" and "Sentinel Surveillance in the South-East Asia Region" for the Regional EPI National Managers Consultative Meeting, Delhi, India, April 1985.
- "Silica Gel as a Transport Medium for Corynebacterium diphtheriae, Indonesia," and "Assessing the Impact of the Expanded Programme on Immunization, Indonesia," for the Epidemic Intelligence Service Conference, Atlanta, Georgia, April 1985.
- "Training Strategy in EPI," for inaugural session of the Sixth and Seventh, "Summary of Recommendations and Conclusions of the National EPI Programme Managers Consultative Meeting" for the Eighth and "Accelerating Immunization Activities" for the Ninth National Course on Planning and Management of the Expanded Programme on Immunization, National Institute of Communicable Diseases, Delhi, India, September 1984, January and September 1985 and March 1986.
- "The EPI and Mass Media," for the International Symposium on Child Health and Mass Media, National Institute of Public Cooperation and Child Development, New Delhi, India, December 1984.
- "Sentinel Surveillance in the South-East Asia Region," for the EPI Global Advisory Group Meeting, Alexandria, Egypt, October 1984, and for the National Workshop on Sentinel Surveillance, National Institute of Communicable Diseases, Delhi, India, January 1985.
- "Assessing the Impact of the EPI: The Yogyakarta Example," for the EPI Global Advisory Group Meeting, Manila, Philippines, November 1983.
- "Diphtheria in Indonesia," prepared for the Directorate General of Communicable Diseases, Ministry of Health, Republic of Indonesia, October 1983.
- "Clinical Mumps Vaccine Efficacy," for the Society for Epidemiologic Research Annual Meeting, Winnipeg, Manitoba, Canada, June, 1983.
- "Outbreak of paralytic poliomyelitis, Taiwan," Interscience Conference on Antimicrobial Agents and Chemotherapy (ICAAC), Las Vegas, Nevada, 1983.
- "Measles Outbreak on a University Campus -- Indiana," "Clinical Mumps Vaccine Efficacy, Ohio," and "Outbreak of Paralytic Poliomyelitis, Taiwan -- I. Epidemiologic Characteristics," for the Epidemic

Robert Kim-Farley, MD, MPH

Intelligence Service Conference, Atlanta, Georgia, April 1983.

"Has Indigenous Wild Paralytic Poliomyelitis Been Eliminated from the United States?", American Public Health Association Annual Meeting, Montreal, Canada, November 1982, and for the 18th Immunization Conference, Atlanta, Georgia, May 1983.

"Centers for Disease Control's Vaccine Program," for the Virginia Public Health Association Annual Meeting with Metropolitan Washington Public Health Association, Washington, D.C., March 1983.

"An Epidemiologic Study of Acute Tonsillitis, Pharyngitis and Scarlet Fever in an Emergency Room Setting," prepared for Janzen, Johnston and Rockwell, Inc., Los Angeles, California, June 1981.

"Preventive Medicine Project of AMSA," sponsored by the Bureau of Health Education, Center for Disease Control, Atlanta, Georgia, March 1978.

"International Health," for the American Medical Student Association Annual Convention, Atlanta, Georgia, March 1978 and Chicago, Illinois, April 1977.

- "Breastfeeding/Immunization Update" for the Breastfeeding: The Passport to Life Workshop, UNICEF, New York, December 1988.
- "Tetanus in South-East Asia" for the open forum program of the Third International Symposium on Public Health in Asia and the Pacific Region, Jakarta, Indonesia, December 1988.
- "Monitoring and Evaluation," "Missed Opportunities and Dropout Rates," "Dealing with Adverse Reactions," and "AIDS and EPI" for the Asian Regional UNICEF EPI Workshop, Jakarta, Indonesia, March/April 1988.

Robert Kim-Farley, MD, MPH

- "Status of the Recommendations of the 1985 EPI Review Team" for National EPI Planning Workshop, Thimphu, Bhutan, March 1987.
- "EPI in South-East Asia Region" and "Surveillance of EPI Diseases" for Training Course for Officers in-charge of Universal Immunization Program at the Districts, National Institute of Communicable Diseases, Delhi, India, January and May 1987.
- "Prospects for Eradication of Poliomyelitis from South-East Asia Region" for Seminar on Prevention of Poliomyelitis among Children, National Institute of Public Cooperation and Child Development, New Delhi, India, September 1986.
- "Role of WHO in the Development of Epidemiological Services", for IVth and "EPI in South-East Asia Region" for the Vth and VIth Training Course on Epidemiological Services Development for Medical Officers at District Level, National Institute of Communicable Diseases, Delhi, India, May and November 1986 and February 1987.
- "Inter-Regional Senior Level EPI Planning and Management Workshop," conducted by SEARO, WHO, October 21-November 1, 1985, Pattaya, Thailand (Co-director).
- "Global Issues in EPI," and "Modalities of Disease Surveillance and Coverage Surveys" for Workshop on Going to Scale on EPI and Diarrhoea Management, UNICEF, Srinagar, India, September 1985.
- "Accelerated Immunization Activities," for South-East Asia Regional Office Staff Seminar, WHO, New Delhi, India, September 1985.
- "Inter-Country Combined Expanded Programme on Immunization Mid-Level Management and Control of Diarrhoeal Diseases Supervisory Skills Workshop," conducted by SEARO, WHO, October 1-12, 1984, Cipanas, Indonesia (Co-director).
- "Joint UNICEF/WHO EPI/CDD Briefing," conducted by WHO, August 16-20, 1984 Bangkok, Thailand (Facilitator).
- "Epidemiology, Prevention, and Control of Diseases Preventable through Immunization," conducted by the Centers for Disease Control in cooperation with the Los Angeles Department of Health Services, Los Angeles, California, January 1983, and the Nevada and Arizona Departments of Health, March 1983 (Faculty).
- "Polio Outbreak in Taiwan," Immunization Seminar, Centers for Disease Control, November 1982, and a brief presentation at the International Symposium on Poliomyelitis Control, Washington, D.C., March 1983.
- "Diphtheria in Yemen -- Risk Factors and Toxoid Efficacy," Immunization Seminar, Centers for Disease Control, February 1982.
- "The Epidemiology of Vaccine Preventable Disease," conducted by the Centers for Disease Control in Cooperation with the Oklahoma State Department of Health, Oklahoma City, Oklahoma, December 1-3, 1981 (Faculty).

SPECIAL ASSIGNMENTS (INTERNATIONAL):

- Bangladesh -- (i) Three days to review the EPI with Government, UNICEF and WHO representatives (1990); (ii) One week to organize and conduct a Regional EPI National Managers Consultative Meeting in Dhaka

Robert Kim-Farley, MD, MPH

(1987); (iii) Two weeks at the request of H.E. Minister of Health and Population Control to review and assist in revision of national immunization program (1985).

Bhutan -- (i) Twelve days to serve as WHO resource person for the National EPI Planning Workshop, to follow-up on the recommendations of the 1985 joint government/WHO/UNICEF review and to assist Government in developing a plan of acceleration of immunization activities to achieve universal child immunization in the Kingdom of Bhutan (1987); (ii) One month to participate in a joint Government/WHO/UNICEF review of EPI and selected aspects of PHC (1985).

Bolivia -- Three days to evaluate the Resources for Child Health (REACH) project in EPI and health care financing for USAID (1988).

Burma -- (i) Ten days to assist in developing plan of operation for Universal Child Immunization (1986); (ii) One week review of the EPI for SEARO, WHO, (1985).

Egypt -- Ten days to organize and conduct the EPI Global Advisory Group Meeting and an EPI Regional Advisors Meeting, to participate in the EPI Research and Development Group Meeting, to participate in the Vaccine Research and Development Meeting and to meet with Government Officials on the progress of the EPI in Egypt (1990).

Guatemala -- Three days to evaluate the national EPI as part of the mid-term evaluation of the USAID and PAHO project entitled "Child Survival: Accelerated Immunization Program in the Americas, 1986-1990," including a field visit to Chimaltenango State (1989).

Honduras -- Three days to evaluate the national EPI as part of the mid-term evaluation of the USAID and PAHO project entitled "Child Survival: Accelerated Immunization Program in the Americas, 1986-1990," including a field visit to Santa Rosa de Copan State (1989).

India -- (i) Extensive travel to promote, plan, review, and evaluate health programs, including the states of West Bengal, Uttar Pradesh, Tamil Nadu, Maharashtra, Gujarat, Haryana, Rajasthan, Andhra Pradesh, Madhya Pradesh, Karnataka, and Kerala (1999-2002); (ii) Three days to participate in the State EPI Officers Meeting and for a field visit to immunization clinics in Delhi and surrounding rural areas (1991); (iii) One month to collaborate with Ministry of Health and Family Welfare on EPI-related scientific papers for publication, New Delhi (1987/1988); (iv) Two days to participate in the Symposium on Immunization during the XXIV National Conference of the Indian Academy of Pediatrics, Madras (1988); (v) Twelve days to participate in the national review of the Thane District, Maharashtra, Universal Immunization Programme (1987); (vi) Two days visit to the Indian Council of Medical Research Centre of Advanced Research in Virology to participate in consultation on North Arcot District polio control using a simplified immunization schedule with inactivated polio vaccine (IPV), Vellore, Tamil Nadu (1987); (vii) Three days field visit to Universal Immunization Programme (UIP) district, Aurangabad, Maharashtra (1986); (viii) One month training programme in the nutrition activities of the National Institute of Nutrition of India in Hyderabad and field visits to ongoing nutrition projects in surrounding villages, (1979).

Indonesia -- (i) extensive travel to promote, plan, review and evaluate health

Robert Kim-Farley, MD, MPH

programs, including the Provinces of West Java, Central Java, East Java, DKI Jakarta, DKI Yogyakarta, East Nusa Tenggara, Maluku, North Sulawesi, Irian Jaya, North Sumatra, South Sumatra, and Bali (1994-1999); (ii) Two weeks to assist in developing a plan of action for achieving and sustaining universal child immunization covering the period 1988/89-1993/94 and to refine the prototype country level computerized EPI information system (1988) (iii) Two weeks to participate in developing a USAID child survival initiative concept paper and EPI amendment (1987); (iv) Three weeks to participate in Joint Government/WHO/UNICEF/USAID review of EPI and CDD, including one week field visit in South Sulawesi (1986); (v) One week to work with Ministry of Health to plan and prepare for a combined EPI/CDD Program Review (1986); (vi) Three weeks as organizer and co-director for Inter-country EPI/CDD Workshop in Cipanas for SEARO, WHO (1984); (vii) One week review of EPI for SEARO, WHO, (1984); (viii) Five week assignment for USAID as diphtheria consultant to the Ministry of Health. Assessed the impact of the EPI program; initiated a laboratory based study of the use of silica gel as a transport media for *C. diphtheriae*; investigated an outbreak of diphtheria in Pontianak, West Kalimantan; and provided recommendations on the surveillance, treatment, control and prevention of diphtheria. Included a briefing for the South-East Asia Regional Office, WHO, (1983).

Maldives -- One week to review the EPI and to investigate an outbreak of measles in Male for SEARO, WHO (1985-1986).

Mongolia -- Ten days, including three day field visit to Gobi Altai Aimak, to review the EPI for SEARO, WHO, (1987).

Nepal -- One week review of the EPI for SEARO, WHO, (1984).
